It's the same file. I think it mostly had USACE info but it was interspersed with some EPA information. Here's the file. It includes my minor edits.

That one did not have the EPA responses in it. (At least I don't recall seeing one that did.) Have you seen the EPA responses?

Thank you,

Lynn M. Juett

Thanks Randy. We understand OCIR intends to repurpose info R7 already provided and will coordinate with R7. We have been and continue to work closely with R7.

Hopefully it won't be too much additional work.

Schatzi, although I have spoken to OCIR about the request, I have not reviewed responses at this point. I believe OCIR is working with R-7, but I will be happy to tell OCIR that we need to see the draft responses before they are transmitted to the T and I requesters.

Hi Randy:
Jim would like to see the responses before they are transmitted to the House minority staff. Please coordinate with us and R7 on review before OCIR sends to the Hill.

Please let me know if you have questions. Thank you.

Subject: technical assistance request- West Lake Landfill
legislation

Hi all,

House Transportation and Infrastructure Committee
minority staff has requested EPA and Corps technical
assistance on the West Lake legislation. Attached are the
Corps draft responses to those Qs that they have the lead
on, and the first few are for EPA. I think we can answer
these with the info. Curtis provided me last week (attached
fyi). We do not need to provide this until next week. Let me
know any comments or questions, thanks.
